

OLASOPE DARAMOLA FIYINFOLUWA

BACKEND DEVELOPER

Highly motivated and creative Backend Developer focused on crafting high-quality, scalable, and high-performance web applications. Striving to become a skilled IT professional with a strong technical background to deliver exceptional user experiences.

fiyinfholuwa@gmail.com | +2348097238712 <https://www.linkedin.com/in/olasope-daramola-fiyinfoluwa-1205a6287/>

SKILLS

- **Backend Development:** PHP, Laravel, Mysql, Node JS, Express JS, MongoDB, Python.
- **Frontend Development:** HTML, CSS, Bootstrap, Javascript, JQuery, React.
- **Tools:** GitHub, VsCode, PhpStorm, Jira, BitBucket, Asana, Anaconda.

PROFESSIONAL EXPERIENCE

Backend Developer, CDLP HUB (Nigeria).

March 2023-Present

Responsibilities

- Crafted RESTful APIs that provide endpoints for data distribution, airtime acquisition, and bill settlement, enabling smooth integration with diverse platforms.
- Worked closely with frontend developers to ensure the seamless incorporation of APIs into user interfaces, fostering seamless communication between the frontend and backend systems.
- Implemented payment gateways and processors, enhancing the security and efficiency of online transactions for bill payments and airtime purchases.
- Devised scripts to facilitate the effortless migration of websites from their previous platforms to a novel solution hosted on the CDLP Hub server.

Backend Developer, TEFY DIGITAL (Nigeria).

March 2021-September 2023

Responsibilities

- Created API endpoints that allow the frontend and external systems to interact with AI-powered features, such as candidate assessment and job matching.
- Optimize database queries and indexes to ensure quick retrieval of relevant information, enhancing the application's performance.
- Implement secure user authentication and authorization mechanisms to protect sensitive candidate and company data.
- Optimize application for maximum speed and scalability.
- Integration of user-facing elements developed by front-end developers.
- Build efficient, testable, and reusable PHP modules.

Responsibilities

- I significantly boosted the efficiency of an established financial loan web application, achieving an impressive 15% enhancement in system performance. By capitalizing on my expertise in Laravel, JavaScript, HTML, Bootstrap, and CSS, I meticulously fine-tuned the application to deliver these notable improvements.

PROJECTS

- A research and writing platform with Multi-User authentication and rave payment Integration Built with PHP and MYSQL database: <https://researchcenta.com>
- E-Learning Platform: <https://evodialtd.com.ng/>
- Learning management system with Multi-User Authentication, Paystack payment Integration using Laravel and Mysql Database <https://odumaretech.com/>
